

January 6, 1910

Pioneer Resident Dies.

William Atteberry, one of the pioneer residents of this section, passed away in this city on Tuesday.

Mr. Atteberry was taken sick with Bright's disease last August while visiting in Missouri. He returned to Wheatland early in the fall, and has since resided in this city.

Mr. Atteberry was 61 years of age, and has been a resident at this section for thirty years. He was married in Cheyenne about 25 years ago, and besides his wife is survived by a brother at Boulder, Colorado, and a sister in Missouri.

We have not learned full particulars but understand the funeral will take place today.
