

BREESE, JOHN
?-October 10, 1916

John Breese, who for several years past has held the position of section foreman for the Colorado & Southern railroad, on the Bordeaux section, is dead. He had been ill for the past year and a few weeks ago went to Denver for medical treatment, but was not benefited. He had no family so F.N. Shick left yesterday for Denver to take charge of the body and attend to the business affairs left by the deceased. Mr. Breese was a good citizen, honored and respected by all who knew him.
