

KOONS, JOHN ELLSWORTH
1867-March 26, 1944

(April 11, 1946) Sheriff Bill Sutherland was notified Sunday afternoon that a body had been found by two fisherman near the Adam Boyd's ranch. An immediate investigation was made and the body is believed to be that of John Koons, 74, who disappeared more than five years ago.

The investigation was turned over to Sheriff Wood of Laramie, due to the fact that the body was found in Albany county. The only probable method of identifying the body would be through the clothing which was partly missing.
