

MARTIN, MABEL G. DOCKENDORFF  
October 22, 1879-September 5, 1917

Mrs. Geo. S. Martin, wife of County Commissioner Geo. S. Martin, who lived on their ranch in the Sibylle country, southwest of town, passed away on Wednesday morning. It will be remembered that Mrs. Martin sustained a fractured spine in a runaway which occurred on the Fourth of July, three years ago, since which time she has been practically helpless, and while it was generally known that her recovery was impossible, nevertheless, the news of her passing will be reluctantly received by her wide circle of friends throughout this section of Wyoming. Mrs. Martin was one of the most estimable ladies of this section and her true Christian spirit and cheerful disposition were ever in evidence, even during the long period of suffering thru which she passed with the greatest fortitude.

Funeral services will be held today (Friday) at two o'clock, from the Congregational church.
