

MARTIN, MABEL G. DOCKENDORFF
October 22, 1879-September 5, 1917

County Commissioner Geo. Martin received word early this morning that his wife had passed away. Mr. Martin was in town attending the meeting of the commissioners. He left for the ranch at once. Mrs. Marin was injured three years ago, suffering a fracture of the neck from a fall from a carriage. A delicate operation saved her life at that time, but left her almost a helpless invalid. For the past few weeks, she had steadily been failing, and while the end would seem to be inevitable, yet the loss is none less grievous to bear. Through her long period of helplessness, Mrs. Martin had been cheerful and patient and, if possible, had increased the love and esteem which her friends had always had for her. Funeral plans are not yet announced.
