

MIRELEZ, ISABEL  
1831-March 19, 1935

To live beyond the ripe old age of 90 years is considered quite an accomplishment for the average individual but to live five score years and more is real rare.

Isabel Mirelez, Mexican resident of Wheatland since 1928, passed away Tuesday after being on earth 104 years. He died at the Nellie Holcomb home on March 19<sup>th</sup>.

Funeral services were held from the grave Wednesday with the Lyla Watson Funeral Home in charge of arrangements.

Very little is known about the deceased with the exception of the fact that he was born in Old Mexico.

He is survived by one daughter, Mrs. Lorenza Montez of Wheatland.
