

MORRISON, MARGARET JEAN

January 2, 1917-July 16, 1922

Margaret Jean Morrison, daughter of Mr. and Mrs. Milton Morrison, passed away Sunday, July 16, after a week's illness of cholera infantum. She was born Jan. 2, 1917. Funeral services were conducted by Rev. R.F. Paxton in the Congregation church Wednesday evening and the little body was laid to rest in the Wheatland cemetery by the side of her only sister, three years younger, who was taken by the same disease a week earlier. They were unusually winsome children, the joy and pride of their parents, and other relatives, a delight to all who know them. Their going so young and so nearly together leaving the home entirely childless makes the bereavement doubly hard to bear. Mr. and Mrs. Morrison were raised in this community and their large circle of friends extend sympathy to them and to the four grandparents and other relatives of the two little golden haired girls who await them on the brighter shore.
