

RAY, FREDERICK

?-December, 1920

Word was received here Tuesday of the death of Fred Ray at Barcelona, Spain.

Mr. Ray went to Europe a few months ago to take up work there with a railroad engineering corps. Death resulted from a fall from a cable. Some time ago, Mr. Ray filed on a homestead adjoining Rev. Paxton's farm and lived there with his wife until his departure. Mrs. Ray is still living on the homestead and her many friends sympathize deeply with her in her bereavement.
