

**SOUTHWORTH, RAYMOND**

7-November 18, 1913

Raymond Southworth, aged 5 years and six months, died from scarlet fever on Tuesday evening, Nov. 18. He was the son of Mr. and Mrs. D.M. Southworth and the brother of Dale, the little boy who died two weeks before from the same disease. Funeral services were held Wednesday afternoon. Two other children of the same family are afflicted with scarlet fever, one of whom is reported as in a critical condition.

No cases outside of the Southworth family have developed thus far and a strict quarantine is being maintained to prevent spreading of the disease.
